Wendy Wasserstein's 1989 Pulitzer Prize-winning play chronicles the glory days of the feminist movement through the character of art historian Heidi Holland. Over a 25-year period -- from high-school in the mid-sixties through the "having-it-all" era of the late eighties -- the experiences of Heidi and her friends and lovers chart the transformative political and social changes of that exhilarating period.

Main Street Theater presented the Houston premiere of this play in 1992.
